RE: Docket No. 07-16; Petition for free wireless internet

Dear Secretary Dortch:

As an American small business owner, I am writing to ask you for your support of M2Z Networks' proposal to provide free broadband to the country. If you examine the statistics, most small businesses assume a great deal of risk in the early years, and in many cases must invest for years without seeing a significant return on investment. Obviously, no business today can survive without broadband access, which is just another expense to stand in the way of our success.

M2Z's proposal, which your commission is currently reviewing, calls for free high speed internet access for all Americans. Unlike government proposed solutions, M2Z's plan is affordable and beneficial in numerous ways. Small business owners, schools, rural areas of America and parents are among those who would welcome fast, free and family-friendly high speed Internet access.

I ask you to strongly consider the need for greater broadband access when weighing in on this innovative proposal. Thank you for your time and consideration.

Sincerely,

Jordan Levy, President

CC: FCC Chairman, Kevin Martin
FCC Commissioners: Copps, Adelstein, Tate, McDowell
Wireless Bureau Chief, Fred Campbell
Senator Dianne Feinstein
Senator Barbara Boxer
